

# What's Happening? In the world of Applied EI

## Applied EI™

### CAEI Certificate in Applied Emotional Intelligence - 2007 Programme places still available

Places are filling up fast for the 2007 programme which starts in February.

Starting on 1 February, this 9 month course is designed to deepen your work with emotional intelligence, and is a perfect next step if you have found that EI has become or needs to become intrinsic to your work.

The book 'Applied EI' by Tim Sparrow and Amanda Knight is the course reference, and the programme builds experientially upon the ideas and methods explored in the book. Personal EI development and reflection is a crucial part of the learning process as well as undertaking an action learning project with a live client.

The programme runs across 4 modules (3 days per module), and the dates for these are:

Thurs-Sat 1-3 February

Thurs-Sat 22-24 March

Thurs 31 May - Sat 2 June

Thurs-Sat 8-10 November

The cost of the programme is £3,395 plus VAT. The course is being held at the New Park Manor Hotel in Brockenhurst, Hampshire, and the programme includes 2 outdoor experiential days at the outdoor learning centre run by Activate near Lyndhurst in the New Forest.

As the programme includes accreditation in the 'ie' and 'te', there is a £500 discount for existing users - the discounted rate being just £2,895 plus VAT!

If you want to find out more, to receive a prospectus, or wish to book on the next programme, please email Amanda Knight, the Course Director at [amanda@appliedei.co.uk](mailto:amanda@appliedei.co.uk) or give her a ring on 07977 193005.
